

As a member of jury of the Yehudi
Menuhin international competition
for young violinists in Boulogne-
SUR-MER 2002 I know laureate
of this competition ALEXANDRA KOROBINA

She is serious musician and
very talented violinist.

No doubt, that combination of conti-
nuation of serious work with concert
activity, which she deserves will
help her to develop her
artistic, musical and violinistic
qualities.

No doubt, that ALEXANDRA KOROBINA
deserves any support for further
development of her talent.
